LANDSCAPING

*Making Our World More Beautiful Since 1965*

## Delmar Gardens Kansas City, MO

**INTEGRITY.**

**STEWARDSHIP.**

**EXCELLENCE.**

**VALUE.**

**COMMITMENT.**

The original landscaping at this older assisted-living facility was uncoordinated, outdated and had declined. With its new landscape, Delmar Gardens sought to create a resort-like atmosphere for its residents. Hermes' design for a fresh, comprehensive landscape "makeover" impacted the entire property. One of the greatest achievements of the project was creating a picture of beauty from every angle, inside the buildings and out. What was once dreary and bland now feels fresh and beautiful—its residents can look out the window, take a deep breath, and smile.
