## The Fountains Overland Park, KS

**INTEGRITY.**

**STEWARDSHIP.**

**EXCELLENCE.**

**VALUE.**

**COMMITMENT.**

Those who own, develop, and manage Class A Real Estate understand that “appearance is everything,” especially in retail. The Fountains Luxury Retail Center has trusted Hermes for many years to manage not only its landscape, but its customers’ first impressions. Our strict regimen for the property includes a full range of maintenance services, including mowing, weeding, and more. Perhaps the most important part of our work at The Fountains is creating their spectacular color displays. We use unique annual plants with bright, bold colors to complement the Mediterranean architecture of the center.
