Down Lights

Lunar Odyssey Series

Perfect for when installation conditions are recessed back or greater glare control is needed, the Lunar features a lock and load extended shroud. The versatile revolutionary ball and joint swivel mount allow a 360° rotation.

Gamma Ray-Elements Series

The Gamma Ray® fixture is economically priced yet maintains Unique's high standards of quality components, superior finishes, and lasting performance – making it the perfect selection for any value engineered project.

Pulsar-Odyssey Series

The Stellar mini wall washer is a powerful fixture. Featuring a small die cast brass body, this undersized powerhouse is able to illuminate planter areas, short retaining walls, step landings or any other area needing a soft glow.

Valor-Knights Series

The Valor offers style and function without compromise. Its sleek straight lines and dual lighting shroud feature make the Valor an essential fixture when lighting trees, columns or other tall structures.

Neutron-Elements Series

The Neutron® fixture features a 7-inch shroud and is the perfect selection for every intimate garden space, planter area or pathway. Available in 12" and 18" stem lengths and Borosilicate glass lens.

Lancer Knights Series

Simple, yet elegant, the Lancer offers soft level lighting. The frosted Borosilicate Glass lens minimizes glare and provides sufficient light to cast a soft glow on any path or walking area. Ideal for walkways, the Lancer is also perfect for lighting planter areas.

Jupiter Odyssey Series

Standing 24-inches tall featuring a soft curve stem the Jupiter's sleek design is able to cast light patterns of up to 15 feet in surface area. Ideal to light pathways. 6 Elegant and stylish, the Excalibur features a fully articulating shroud allowing maximum design control. The 5.45-inch bell shape shroud tilts and rotates to illuminate walkways or any other walking area with high efficiency. This lamp is ideal for creating a soft glow.

Ledge Lights

Gemini-Odyssey Series

The Gemini offers a frosted designer lens which softens the beam spread to create a warm glow while still powerful enough to provide safety and security.

Vanguard-Odyssey Series

The Vanguard is a step beyond the normally recessed wall light and is perfect for illuminating short retaining walls and other niche locations. The Vanguard comes in both 5 inch and 8 inch options.

150W LED Transformer

The 150 Watt Transformer is designed specifically for LED outdoor lighting applications.

LPLUS Internet Gateway

SMRT LOGIC® builds on our original Wireless Control System with the addition of an Internet gateway and app. Now you have lighting system control from a mobile device, tablet, web browser or computer virtually anywhere, anytime, regardless of how those devices are connected to the internet (Wi-Fi, Ethernet or Cellular). SMRT LOGIC® uses a secure Internet Gateway, a dedicated website and an app on your smart device to create an integrated lighting control system.

FLEX Gold Vivid

FLEX Gold Vivid is a bluetooth enabled LED lamp control. You can name zones, name lamps, adjust color temperature, and change lighting
